

SIERRA STREAMS INSTITUTE PRESENTS...

SALMON AND STEELHEAD IN THE SIERRA

Join us for this special California Naturalist advanced course run by Sierra Streams Institute! This course will delve into watershed ecology with a focus on Chinook salmon and steelhead and their unique contributions to our local ecosystems. Come gain hands on experience and learn from the experts!

This course is open to anyone (ages 18+) with interest in natural history and ecology. Previous CA Naturalist training not required. Maximum 20 students.

REGISTER NOW!
